Location where work will be performed: _____

Job Description *(specific projects, tasks, and activities to be completed by the student during the internship:*

Relevance of work to Information Technology degree program:

Additional Comments:

Expectations

Student:

- Student will complete 169 hours (for a 3-credit hour internship) of supervised internship activities during a single academic term. Other length internships required Internship Coordinator approval.
- Student understands and agrees to produce quality work in accordance with the scope of work and deliverables outlined in the job description above.
- Student will complete ITEC 419 course assignments and expectations as outlined on the course website.

Sponsor:

- Sponsor agrees that all activities will closely align with those listed above and will supplement the student's coursework in information technology.
- Sponsor will complete one Midterm Evaluation and one Final Evaluation using provided forms.
- Sponsor understands and agrees to support Student in pursuit of a successful and rewarding internship experience.

The ITEC Program appreciates the time and commitment of internship sponsors to make these important learning opportunities possible. Thank you.

Questions and suggestions are welcome and may be directed to Dr. Nancy Martin, nlmartin@siu.edu.
